

December 26, 2005

Dear Expert Plumbing Service,

I wanted to thank you so much for your help in completing the project of opening my office. We were already a month behind schedule on the construction when the completion was halted by a plumbing update. That meant I could not open for business until I updated my plumbing.

You guys came through in a flash. You came highly recommended to me and you will be highly recommended by me.

Thank you for everything.

Dr. Jeremy Hayes
